“This brochure was approved according to the guidelines of the ministry of health in Aug 2023”

**IMJUDO  
Tremelimumab  
Solution for infusion**

**Patient Alert Card**

**Solution for infusion**

This leaflet is only intended for Patients prescribed tremelimumab and their caregivers. Patients should carry this card with them at all times

This medicinal product is subject to additional monitoring

To receive a copy of this card, please contact AstraZeneca Israel at 073-2226099

**Important information for healthcare professionals**

- This patient is being treated with tremelimumab, which is associated with immune-mediated adverse reactions (imARs)
- Early diagnosis and appropriate management are essential to minimize potentially life-threatening complications
- Consultation with an oncologist or patient's healthcare team may be helpful for management of imARs
