REPORTING OF SUSPECTED ADVERSE REACTIONS

Adverse events can be reported directly to the Ministry of Health using the adverse events reporting portal which is available on the home page of the Ministry of Health website:

www.health.gov.il

or by this link:

<https://sideeffects.health.gov.il/>

9

Patient Safety Information Card

Side effects can also be reported to Pfizer by email: isr.aereporting@pfizer.com. This card and its content has been approved by the Ministry of Health on July 2020.

ENBREL®

Patient Safety Information Card

ENBREL®

1

This card contains important safety information that you need to be aware of before you are given Enbrel® and during treatment with Enbrel®. If you do not understand this information, please ask your doctor to explain it to you.

- Show this card to any doctor involved in your treatment.
- See the Enbrel® package leaflet for more information.

2

- Keep this card with you for 2 months after the last Enbrel® dose, since side effects may occur after your last dose of Enbrel®.

It is important that you and your doctor record the brand name and batch number of your medication.

3

Infections

Enbrel® may increase your risk of getting infections, which could be serious.

- You should not use Enbrel® if you have an infection. If you are not sure, ask your doctor.
- If you develop symptoms suggestive of infections, such as fever, persistent cough, weight loss, or listlessness, seek medical attention immediately.

4

- You should be evaluated for tuberculosis (TB). Ask your doctor to record the dates and the results of your last screening for TB below:

Test: _____

Date: _____

Results: _____

Test: _____

Date: _____

Results: _____

5

Please ask your physician to list your other medications that may increase your risk of infection.
